

# Art Advisory Committee

HRRMC's Art Advisory Committee reviews applications from regional artists (based in Colorado or with ties to the Upper Arkansas Valley) on an annual basis and selects four artists each year to exhibit their work in the hospital's rotating art show. Artists interested in showing their work at the hospital may download an application at [hrrmc.com](http://hrrmc.com) or call 719-530-2217.

The hospital agrees to purchase a piece from each rotating artist, and the artist agrees to contribute 25 percent of the sales price of any artwork sold to a third party from their show to the HRRMC Foundation.

In addition to selecting and purchasing works from our rotating artists, the Art Advisory Committee also reviews any artwork offered to HRRMC. While the hospital is grateful for the continuing generosity of donors, not all offerings fit the needs of the medical center. The Committee ensures that any pieces are appropriate to a hospital setting, will complement the existing collection, and will physically fit into the space available.

# Art at HRRMC

We believe that original art enhances the healing environment of our hospital and began building a permanent art collection in 2008. Paintings, photographs, sculpture, fiber arts, and other original works by regional artists are displayed throughout the medical center and HRRMC's out-lying clinics. Our hope is that the art throughout our facilities will provide a source of comfort and inspiration to the people we serve.

## Artists at HRRMC

A vibrant arts community has taken root in our Valley and we are proud to support local and regional artists by exhibiting and purchasing their work. HRRMC has purchased more than 200 works of art representing more than 100 artists in our permanent collection.

Dan Downing

The art collection at HRRMC is constantly growing and evolving. Each quarter, we feature a different rotating artist in the exhibition space across from the hospital's gift shop and continue to build the collection by purchasing works from our rotating artists. We encourage you to walk through the hallways and waiting areas to truly appreciate the quality and diversity of the work on display.
