

HRRMC DELNAY GUEST HOUSE

We are months away from the opening of the Delnay Guest House! Construction is anticipated to be completed a few weeks after this mailing. Furniture for all 10-units is anticipated to be delivered in January with a plan to open the units in February 2025! Four units are for HRRMC outpatients, their families or caregivers, who live 30-plus miles from Salida.

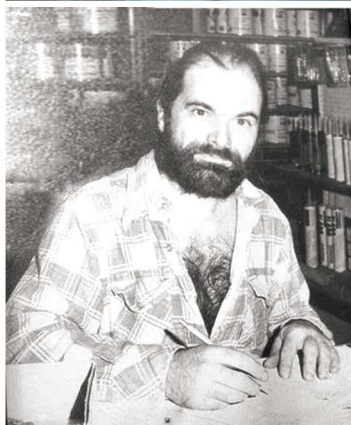

Thanks to the dreams of Picie Hylton and Robert & Bernice Delnay, along with their estate donations, that made it possible. We appreciate all of our donors, individuals and businesses, that helped make this a reality. We all benefit by securing workforce housing and ensuring accessible healthcare to individuals in our region and hospice families traveling from afar to be with their loved ones in Salida.

DELNAY & HYLTON DONATIONS MAKE GUEST HOUSE A REALITY

Robert and Bernice Delnay retired in Salida in the 1980's. They realized the importance of a thriving healthcare system and named HRRMC Foundation in their estate. Their generous donation of \$1.5 million allowed for the construction of four hospitality units and six short-term rentals for HRRMC employees.

When Picie Hylton, a 30-year owner of Hylton Lumber, passed in 1997, he had a dream to build a hospice house in Salida. Hylton House revived that dream in 2020 and ensured accommodations would be free to HRRMC patients, family members, and caregivers, as well as for families of hospice patients coming to Salida. The Picie Hylton Charitable Fund covers operational costs for the four hospitality units.

Learn more about ways to give through Planned and Estate Giving. Call Lezlie Burkley at 719-530-2218.

Join us for the Delnay Guest House
Open House Spring 2025.
Stay tuned for details.

MARY ANN BANACH WOUND CARE CENTER

The HRRMC Board of Directors approved the Mary Ann Banach Wound Care Center at their September 2024 board meeting. The wound care center will be housed in the main building at HRRMC, behind the front registration desk, and will include a hyperbaric chamber, with a second chamber room ready as the service grows and shows a need for two.

The HRRMC Foundation Board designated over \$468,000 towards the Wound Care Center, with \$363,000 coming from Mary Ann Banach's estate.

2024 HALL OF FAME BARBARA WILLIAMS ALLENDER

Photo: Caley McDermott, The Mountain Mail

HRRMC Foundation is pleased to honor Barbara Williams Allender, a Salida native who graduated as valedictorian of her high school class in 1955. After receiving her nursing degree, she returned home and became a surgical nurse at Denver & Rio Grande Hospital (which eventually became HRRMC). Barbara became Director of Nursing in 1972 and oversaw many changes including updated sterilization practices, established the coronary care room, and created home care services for discharged patients. Barbara had a significant impact on many careers at HRRMC. She served in other capacities until her official retirement in 2008.

HRRMC Foundation transfer of funds to HRRMC for Delnay Guest House Construction

On Tuesday, November 12, 2024 HRRMC Foundation transferred \$1.6 million to HRRMC for the construction of the Delnay Guest House.

Front Row: Karen Moore, Lezlie Andrew Burkley, Peg Arnett, Barbara Pearson-Sawyer, Jean Moltz-Weber, Dr. Harry Payton, Dr. Lydia Segal, Dean Edwards, Karen Miller

Back Row: Tom Eve, Tom Mansheim, Tangie Granzella, Pam Warren, Stacy Osborne, Dr. Dan Wardrop, Bob Morasko, Bill Alderton

WOMEN'S WELLNESS CONNECTION

Breast and Cervical Cancer Screening Grant

Early detection of cancer saves lives! Our WWC Team supports individuals by scheduling screenings and mammograms. For individuals who qualify financially and do not have insurance or Medicaid, funds are available to pay for mammograms and screenings. For more information, contact Melanie Critelli at 719-530-1065.

75 Individuals received direct assistance to complete cancer screenings and mammograms

45 Individuals received free mammograms, biopsies, and/or ultrasounds to diagnose for breast cancer

Chaffee County is 13% higher in breast cancer incidents than the Colorado average
